PROFESSIONAL SUMMARY

Information Technology graduate and full-stack web developer with comprehensive expertise in UI/UX design, modern web technologies, and database management. Demonstrated success in developing enterprise-level management systems, implementing secure authentication protocols, and creating intuitive user interfaces. Proficient in React.js, Node.js, Express.js, and multiple database technologies including MySQL, MongoDB, and Firebase. Experienced in workflow automation using Microsoft Power Automate for streamlining organizational communications. Proven leadership capabilities through active participation in university clubs and technical communities. Strong background in both technical development and creative design, with experience spanning software engineering, web development, and digital artwork creation. Committed to delivering innovative, user-centric digital solutions while continuously expanding technical expertise and industry knowledge.

EDUCATION

Bachelor of Business Administration (Honors) - Marketing Management

Universidad Azteca | January 2025 - Present

Bachelor of Information Technology (Honors)

Sri Lanka Institute of Information Technology (SLIIT) | 2021 - 2025

Comprehensive curriculum covering software engineering, web development, database systems, UI/UX design, and project management

Advanced Level Examination - Mathematics Stream

Thakshila College, Gampaha | 2017 - 2019

TECHNICAL EXPERTISE

Programming Languages: Java, JavaScript (ES6+), PHP, C, C++, Kotlin

Web Development: HTML5, CSS3, React.js, Node.js, Express.js, RESTful APIs, Responsive Design

Database Technologies: MySQL, MongoDB, Firebase, Database Design and Optimization

Design & Creative Tools: Adobe Photoshop, Figma, UI/UX Design Principles, Wireframing, Prototyping

Development Practices: Agile Methodology, Version Control (Git), Code Review, Testing & Debugging, System Architecture

PROFESSIONAL EXPERIENCE

Web Developer - Tuition Class Management Systems

January 2025 | <http://mathswithmanoj.com/> | <https://sudeshmaths.com/>

- Architected and developed comprehensive tuition management platforms serving multiple user roles including students, teachers, and administrators across two independent educational institutions
- Implemented advanced features including student enrollment systems, class scheduling, automated payment processing, real-time attendance tracking, and comprehensive result evaluation modules
- Designed role-based access control systems with customized dashboards optimizing workflows for different user types and institutional requirements
- Integrated payment gateway functionality and automated notification systems for improved communication between administrators, teachers, and students
- Enhanced system performance and user experience through responsive design principles, intuitive interface development, and optimized database queries ensuring scalability

Software Engineer Intern - Associated Newspapers of Ceylon Limited

July 2024 - December 2024

- Developed and maintained an enterprise-grade PDF Management System handling document workflows across multiple newspaper departments
- Implemented system enhancements improving document organization efficiency, search functionality, and cross-departmental collaboration
- Collaborated with senior engineering teams following industry-standard development practices, code review processes, and agile methodologies
- Participated in requirements gathering, technical documentation, and system testing to ensure high-quality deliverables

Web Application Developer - Leo Club of SLIIT

July 2024 | <https://web.portal.sliitleo.org>

- Engineered a comprehensive web-based portal streamlining internal club operations and member management processes
- Implemented secure authentication protocols, role-based access controls, and user-friendly dashboards for enhanced operational efficiency
- Conducted extensive testing and iterative improvements based on user feedback to optimize system usability and performance

Web Developer - Leo Club of SLIIT Official Website

July 2024 | <https://sliitleo.org>

- Designed and developed the official Leo Club website with emphasis on responsive design and exceptional user experience
- Applied modern UI/UX practices to enhance accessibility, usability, and visual appeal across all device platforms
- Managed complete website architecture, content integration, SEO optimization, and performance tuning

Artwork Designer - JCEY Tea Factory

July 2023 - December 2023

- Designed comprehensive tea box packaging for 7 regional variants and 10 flavor-based products, ensuring alignment with brand identity and market positioning
- Created engaging promotional artwork and marketing materials for both digital and print platforms
- Collaborated with marketing stakeholders to deliver high-quality creative assets within brand guidelines and project timelines

Freelance Social Media Post Designer

January 2022 - Present

- Designed engaging and visually compelling social media content for diverse clients across multiple platforms including Facebook, Instagram, and LinkedIn
- Improved brand visibility and audience engagement through strategic creative visual content development and platform-optimized designs

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

Leo Club of SLIIT

- **Club Director (2025 - Present):** Leading strategic planning, member development, and community service initiatives
- **Chief Editor (2024 - 2025):** Managed content creation, editorial workflows, and publication standards
- **Graphic Designer (2022 - 2024):** Created visual content for events, campaigns, and digital platforms

Digital Media Crew - IET On Campus, SLIIT

- **Graphic Designer (2022 - Present):** Producing creative assets for technical events and engineering society communications

Media Unit - SLIIT

- **Graphic Designer (2022 - 2023):** Developed visual content for university-wide events and institutional communications

Mozilla Campus Club of SLIIT

- **Graphic Designer (2023 - 2024):** Designed promotional materials for open-source technology workshops and community events
